Discovery Base Sounder Visual Indicator

Product Overview	
Product	Discovery Base Sounder VID - White Flash
Part No.	58002-350APO, 58006-350APO (Black Body)
Product	Discovery Base Sounder VID - Red Flash
Part No.	58002-351APO, 58006-351APO (Black Body)
Digital Communication	Discovery and CoreProtocol® (compatible)

Product Information

The Discovery Base Sounder Visual Indicator is available in white or red flash versions and can either be used with an Apollo addressable detector or as a stand-alone device with a base cap, Part No. 45681-292 - white, or Part No. 45681-293 - red, Part No. 45681-296 - black (sold separately).

The Discovery Base Sounder Visual Indicator includes features such as group, global and individual control, status reporting and selectable tone and volume settings, all configured through the fire control panel**.

- Simple installation using an XPERT 8 base
- Adjustable tone and volume (15 tone pairs, 7 volume settings)
- Built-in isolator (when used with XPERT 8 Base)
- Unique acoustic self test
- Set-up and testing of devices at point of installation
- Independent control of sounder and visual indicator
- Available in red or white flash

**Note: Features are panel dependent. Please consult your panel manufacturer to confirm feature availability.

			Volume 3	4.3 mA	
			Volume 2*	3.9 mA	
			Volume 1*	3.3 mA	
Maximum sound output at 90°		95 dB(A)			
Operating Temperature Range		-20°C to +70°C			
Humidity		0% to 95% RH (no condensation or icing)			
IP Rating		IP21C rating approved as per EN54-3			
Manufacturer's Declared Rating		IP34*			
Vibration, impact and shock		EN 54-3, EN 54-17: 2005			
Dimensions		110 mm diameter x 46 mm deep			
	Weight		198 g		
	Materials	Housing	White flame-retardant		
		Terminals	polycarbonate Nickel plated stainless steel		

Notes:

1. *Not EN 54-3 approved volume level

- *Manufacturer's declared IP34 rating below ceiling level applies only when a Detector or Cap is fitted. The Grub screw must be engaged to ensure the IP ratings are achieved.
- 3. For Isolator data refer to Short-Circuit Isolation data sheet PP2090 available from www.apollo-fire.co.uk

Base compatibility

The Discovery Base Sounder Visual Indicator can be used with the XPERT 8 Base - Part No. SA5000-20X (sold separately). To make use of the Short Circuit Isolator (SCI), the Base Sounder must be installed on the SA5000-20X XPERT 8 Base.

Features

The right tone for the installation

The Discovery Base Sounder Visual Indicator offers a choice of 15 evacuation tones, including the standard Apollo evacuation tone. A tone is selected during commissioning in order to suit local regulations or customs.

Whichever evacuation tone is selected there is a secondary tone which may be used for alerting or warning of a possible evacuation.

The right level of sound

The sounder is set during commissioning to one of seven levels of sound, the highest level being nominally 95 dB(A) at 1m.

Location-specific volume setting

When configuring the Discovery Base Sounder, the adjustment of the volume can be done at the device location.

The commissioning engineer simply sets the control panel to 'setup' and then walks from one device to the next to set the required volume, using a magnetic wand. When all devices have been set, the engineer simply saves the settings on the control panel to register all the individual volume settings.

EMC Directive 2014/30/EU

The Discovery Base Sounder Visual Indicator complies with the essential requirements of the EMC Directive 2014/30/EU, provided that it is used as described in this data sheet.

A copy of the Declaration of Conformity is available from the Apollo website: www.apollo-fire.co.uk

Conformity of the Discovery Base Sounder Visual Indicator with the EMC Directive, does not confer compliance with the directive on any apparatus or systems connected to them.

Construction Products Regulation (EU) 305/2011

The Discovery Base Sounder Visual Indicator complies with the essential requirements of the Construction Products Regulation (EU) 305/2011.

A copy of the Declaration of Performance is available from the Apollo website: www.apollo-fire.co.uk.
